

March 23, 2015

HEALTH - AMREF Flying Doctors (AFD) is part of Amref Health Africa and it is mandated to offer medical emergency air and ground evacuation service worldwide.

Having been formed in 1957; AMREF Flying Doctors is one of the oldest emergency evacuation organizations in the world. We were selected late last year as the international air ambulance service provider of the year worldwide by the international travel insurance journal.

AMREF Flying Doctors offers charity air evacuations to the poor in Africa and also do have a subscription service for others who may need to access our service for free during medical emergencies.

Many people die during medical emergencies because there was delay in transporting the victim to a descent hospital or the people who handled the victim were not properly trained to handle such cases or not trained at all.

AMREF Flying Doctors offers professional medical emergency evacuation service for free to the registered members.

Our scheme known as Maisha targets individuals and corporate annual subscribers.

Maisha covers the East Africa region, including: Kenya, Tanzania, Uganda, Rwanda, Burundi, Zanzibar, Ethiopia and South Sudan

Some of the benefits of AMREF Flying Doctors Annual Subscription include

- a. Two evacuation flights per year

- b. Two ground ambulance transfers per year within Kenya
- c. Direct access to our 24 Hour Control Centre for medical advice
- d. Direct access to the air ambulance provider, no third party

Maisha offers four different level of cover:

- a. Maisha Bronze - Kenya (Air and Ground Evacuation)
- b. Maisha Silver - Kenya, Tanzania, Zanzibar
- c. Maisha Gold - Kenya, Tanzania, Zanzibar, Uganda, Rwanda, Burundi
- d. Maisha Platinum - Kenya, Tanzania, Zanzibar, Uganda, Rwanda, Burundi, Ethiopia & South Sudan
