LETTER - Dear brothers: We are at the gates of our 47th General Chapter. Personally, I'm finishing the six years for which I was elected as Father General of the Order. And I want to write this Letter to the Brothers to express an intimate conviction that I have been feeding these years lived in intense relationship of communion and search with many religious and laity Piarist and also with so many other people that are busy to build the Church and bring the Kingdom of God to into our lives, and that I would like to share with you at this very significant moment.
